

FAO plant protection bulletin

Volume 24, 1976

a publication of the world reporting
service on plant diseases and pests

index

No. 1	1 - 32
No. 2	33 - 64
No. 3	65 - 108
No. 4	109 - 140

TABLE OF CONTENTS

Number 1

Two simplified data retrieval methods for nematology	<i>R.P. Esser</i>	1
Assessing the value of components in a pest management system: maize insects as a model	<i>H.C. Chiang</i>	8
The use of a snare to control tree squirrels	<i>Oluwadare Funmilayo and Modupe Akande</i>	18
Species composition, population trends and egg parasitism of planthopper and leafhopper rice pests of Thailand	<i>T. Nishida, T. Wongsiri and N. Wongsiri</i>	22
Outbreaks and new records		27
Bermuda, Greece, India, Malaysia		
News and notes		31

Number 2

Mycoplasma-like organisms associated with pigeon pea rosette disease in India	<i>Karl Maramorosch, Michio Kimura and Y.L. Nene</i>	33
Banana leaf spot caused by <i>Mycosphaerella musicola</i> and <i>M. fijiensis</i> var. <i>difformis</i> : a comparison of the first Central American epidemics	<i>R.H. Stover and J.D. Dickson</i>	36

Epidemiology of <i>Cercospora cruenta</i> on cowpea	<i>K.S. Amin, B. Baldev and F.J. Williams</i>	43
Damage to coconut by <i>Xyleborus similis</i>	<i>R. Mahindapala and S.M.P. Subasinghe</i>	45
Extension plant pathology in West Malaysia	<i>P.S. Teng and Ahmad Yunus</i>	48
Outbreaks and new records		54
Bahrain, India, Malaysia		
Plant quarantine announcements		60
Federal Republic of Germany, Greece, Hungary		
News and notes		63

Number 3

Crop protection in Latin America, with special reference to integrated pest control	<i>Roberto H. González</i>	65
Aquatic weeds and their control in India	<i>O.P. Gupta</i>	76
Studies on the host range of the pea thrip <i>Caliothrips indicus</i>	<i>Mushtaq Ahmad</i>	83
An indexing programme for the identification of citrus virus diseases in Fiji	<i>Charles W. Meister</i>	86
Graft transmission of naturally occurring "virescence" of <i>Vinca rosea</i> in Upper Volta and its relationship to cotton phyllody	<i>A. Rassel and M. Desmidt</i>	90
Joint FAO/WHO/EPPO Conference on Rodents of Agricultural and Public Health Concern		94
Outbreaks and new records		99
India, Iraq, Nigeria, Thailand		
Plant quarantine announcement		104
British Solomon Islands Protectorate		
News and notes		106

Number 4

Research on plant virus diseases in developing countries: possible ways for improvement	109
<i>L. Bos</i>	
Root symptoms in coconut palms affected by lethal yellowing disease in Jamaica	119
<i>S.J. Eden-Green</i>	
Differentiation of <i>Phytophthora</i> stem blight from <i>Fusarium</i> wilt of pigeon pea by field symptoms	123
<i>K.S. Amin, B. Baldev and F.J. Williams</i>	
The back-pack blower sprayer: an economical alternative for spraying limited numbers of pecan trees	125
<i>W.J. French and S.S. Fluker</i>	
A simple method for killing and preserving certain diseased plant material	128
<i>Natale Zummo</i>	
The Federal Biological Research Centre, Berlin: documentation and information facilities for plant protection in tropical and subtropical regions	129
<i>W. Laux</i>	
Outbreaks and new records	133
India, Iraq, Kenya and Tanzania, Nicaragua, United Kingdom, Venezuela	
News and notes	138

- Acanthophilus helianthi*, safflower, Iraq, 133
Acanthoscelides obtectus, bean, South America, 68
Acherontia atropos, olive, Greece, 28
Acromyrmex, pastures, Latin America, 68
Acyrtosiphon pisum, fodder crops, Latin America, 68;
 alfalfa, Argentina, 73
Aeneolamia, pastures, sugarcane, Latin America, 68
 Agarwal, V.K., 99
Agasicles hygrophila, weed control, India, 79
 Agricultural extension, West Malaysia, 48
Agromyza, tomato, Peru, 67; cole crops, Latin America,
 67; fodder crops, Latin America, 68
Agrotis, potato, Latin America, 67; maize, Latin Amer-
 ica, 68
 Ahmad, M., 83
 Akande, M., 18
 Alabama, cotton, Latin America, 66
 Al-Ali, A.S., 133
 Alam, M.M., 29
 Aldrin, ban, Spain, 63, 70
Aleurocanthus, integrated control, 72
A. woglumi, United States, 64
Aleurothrixus, integrated control, 72
Allium cepa, pest, Pakistan, 84
Allograpta obliqua, predator of pest, 28
Alnus, India, 77
Alternanthera philoxeroides, India, 77
Amblyseius chilensis, predator of pests, 71
 Amin, K.S., 43, 123
 Amitrole, weed control, India, 81
 Ammonia, weed control, India, 81
Anabacna, India, 77
Anacardium occidentale, disease, West Malaysia, 49
Ananas comosus, diseases, West Malaysia, 51
Anastrepha fraterculus, fruit, Latin America, 66
A. ludens, fruit, Latin America, 66
A. mombinpraeoptans, fruit, Latin America, 66
Anthonomus, cotton, Latin America, 66
Anticarsia gemmatilis, soybean, Brazil, 70
Aphelinus mali, parasite of pest, 71
Aphidius smithi, parasite of pest, 73
Aphis, bean, South America, 68
A. gossypii, cotton, Latin America, 66
Apion godmani, bean, Mexico, 68; Latin America, 73
Apis mellifera adamsoni, Venezuela, 136
Apluda mutica, India, 77
 Apple, pest and disease control, Latin America, 66
Arachis hypogaea, disease, Malaysia, 30; West Malaysia
 49; pest, Pakistan, 84; disease, India, 133; disease,
 Kenya, Tanzania, 135; see also Groundnut
Arundo donax, pest, India, 29
 Arvicola, 94
A. terrestris, 94; control, 96
 Atta, pastures, Latin America, 68
Averrhoa carambola, diseases, West Malaysia, 51
 Azinphosmethyl, pecan, pest control, United States,
 126
Azolla pinata, India, 77
Bacillus thuringiensis, pathogen of pest, 11
 Bacterial blight, bean, South America, 68
 Bacterial canker, tomato, Latin America, 67
 Bacterial wilt, tomato, Latin America, 67
Balclutha, rice, Thailand, 22
 Baldev, B., 43, 123
 Banana, disease, Central America, 36; diseases, pests,
 Latin America, 69; see also *Musa sapientum*
Barbus, control, India, 80
 Bean, diseases, pests, Latin America, 68; see also *Pha-
 seolus vulgaris*
Bemisia, bean, Central America, 68
B. tabaci, Latin America, 66; vector of virus, 73
 BHC, 22, 70
 Boonduang, A., 103
 Bos, L., 109
Botrytis cinerea, strawberries, Malaysia, 58
Brachiaria mutica, weed control, India, 79
Brasenia schreberi, India, 77
Brassica oleracea, pest, Pakistan, 84
B. rapa, disease, West Malaysia, 49
Brevicoryne brassicae, cole crops, Latin America, 67
 Bromacil, weed control, India, 81
Bucculatrix, cotton, Latin America, 66

Cabomba caroliniana, India, 77
 Cacao, diseases, pests, Latin America, 69; see also
 Cocoa, *Theobroma cacao*
Cajanus cajan, disease, India, 33, 44, 123
 Calcium hypochlorite, weed control, India, 80
Caliothrips indicus, hosts, Pakistan, 83
 Cambial rot, nutmeg, West Malaysia, 49
Cannabis sativa, pest, Pakistan, 84
Capnodium, 83
C. citri, cedar, Bermuda, 28
 Captafol, disease control, 51
 Captan, coffee, disease control, Latin America, 69
 Carbamates, pest resistance, Colombia, 67
 Carbofuran, ant control, 70
Carex, India, 77
Carthamus tinctorius, pests, Iraq, 133
Carulaspis minima, Bermuda, 27
Carya illinoensis, disease and pest control, 125
Cephalanthus occidentalis, India, 77
Cephaleros parasiticus, pepper, West Malaysia, 52
C. virescens, citrus, West Malaysia, 51
Ceratitis capitata, Central America, South America, 66;
 tomato, Mexico, 67; United States, 108
Ceratophyllum demersum, India, 77, 80
Cercospora, siren, West Malaysia, 49; groundnut, West
 Malaysia, 52; coffee, Latin America, 69
C. averrhoi, starfruit, West Malaysia, 52
C. cruenta, cowpea, India, 43
C. fusca, pecan, United States, 127
C. musae, Central America, 37
C. nicotianae, tobacco, West Malaysia, 52
C. oryzae, cereals, West Malaysia, 50

- Cereals, diseases, pests, Latin America, 68
Cerotoma, bean, Central America, 68
Chaetorellia carthami, safflower, Iraq, 133; hosts, Iraq, 135
Chara, control, India, 80
C. vulgaris, India, 77
 Chee, K.H., 57, 58
Chenopodium album, pest, Pakistan, 84
 Chiang, H.C., 8
 Chlordane, ban, Spain, 63; maize, 70
 Chohan, J.S., 29
Chrysomphalus, integrated control, 72
Chrysopa, predator of pest, 28
 Chunram, C., 103
Cicer arietinum, disease, India, 29
Cichorium intybus, pest, Pakistan, 84
Cinara fresai, cedar, Bermuda, 27
Citrullus vulgaris, disease, West Malaysia, 49
Citrus, diseases, West Malaysia, 49, 51; virus indexing, Fiji, 86
C. aurantifolia, virus indexing, Fiji, 87
C. excelsa, virus indexing, Fiji, 88
C. limon, virus indexing, Fiji, 87
C. macrophylla, virus indexing, Fiji, 88
C. paradisi, virus indexing, Fiji, 87
C. reticulata, virus indexing, Fiji, 87
C. sinensis, virus indexing, Fiji, 87
Cladophora, India, 77
Clethrionomys, 94
C. glareolus, 94
Cochliobolus miyabeanus, cereals, West Malaysia, 50
 Cocoa, diseases, West Malaysia, 51; see also *Cacao*, *Theobroma cacao*
 Coconut, diseases, West Malaysia, 52; diseases, Jamaica, 119; see also *Cocos nucifera*
Cocos nucifera, pests, Sri Lanka, 45; see also Coconut
Coffea canephora, disease, India, 54; see also Coffee
 Coffee, diseases, pests, Latin America, 69; disease, Nicaragua, 136; see also *Coffea canephora*
Coix lachryma-jobi, India, 77
 Cole crops, pests, Latin America, 67
Colias lesbia, fodder crops, Latin America, 68; alfalfa, Argentina, 73
Colletotrichum, soybean, West Malaysia, 52; rubber, Malaysia, 57; coffee, Latin America, 69
C. coffeanum, coffee, West Malaysia, 51
C. lagenarium, watermelon, West Malaysia, 49
C. piperis, pepper, West Malaysia, 52
Combretum glutinosum, disease, 92
Contarinia sorghicola, sorghum, Latin America, 68; sorghum resistance, Brazil, Mexico, 72
Convolvulus arvensis, pest, Pakistan, 84
 Copper, coffee, disease control, Latin America, 69
 Copper sulphate, weed control, India, 79, 80
Corticium, coffee, West Malaysia, 51; coffee, Latin America, 69
Corynebacterium sepedonicum, Denmark, 108
Cosmopolites sordidus, banana, Latin America, 69
 Cotton phyllody, Upper Volta, 90
Cricetus cricetus, 94
Cricetomys, cherimaya, fig, grapevine, Bahrain, 54
Crotalaria reusa, disease, 92
Ctenopharyngodon idella, weed control, India, 79
Cyperus alopecuroides, India, 77
C. alternifolius, India, 77
C. compressus, India, 77
C. corymbosus, India, 77
C. difformis, India, 77
C. dilutus, India, 77
C. distans, India, 77
C. iris, India, 77
C. papyrus, India, 77
C. pilosus, India, 77
C. racemosus, India, 77
C. rotundus, India, 76
Cyprinus carpis, weed control, India, 79
 2,4-D, weed control, India, 80, 81
Dacus cucurbitae, Australia, 107
D. dorsalis, Australia, 107
D. tryoni, Easter Island, 67
 Dalapon, weed control, India, 81
Dalbulus, maize, Latin America, 68
D. maidis, vector of virus, 72
 Data retrieval, nematology, 1
 Date palm, pest, Iraq, 101
 DDT, 22, 70; ban, Spain, 63; ban, Finland, 140
Delphax, maize, Latin America, 68
 Desmids, M., 90
Diabrotica, maize, control, 8; cole crops, Latin America, 67; maize, Latin America, 68; bean, Central America, 68
D. longicornis, maize, control, 12
D. virgifera, maize, control, 12
Diatraea, maize, Latin America, 67; sugarcane, Latin America, 69; maize resistance, Latin America, 72
 Diazinon, ant control, 70
 Dichlorane, ant control, 70
Dichroplis, fodder crops, Argentina, Chile, 68
 Dickson, J.D., 36
 Dieldrin, ban, Spain, 63, 70
Digitaria decumbens, disease, Latin America, 68
Diplodia, maize, Latin America, 68
 Diquat, weed control, India, 80, 81
 Diseased plant material, killing, preserving, 128
 Disulfoton, ant control, 70
 Dithane D-14, weed control, India, 80
 Dithiocarbamates, coffee, disease control, Latin America, 69
 Diuron, weed control, India, 80, 81
Dolichos lablab, 43
Drosophila melanogaster, 15
Durio zibethinus, diseases, West Malaysia, 49, 51
Dysdercus, cotton, Latin America, 66
 Eden-Green, S.J., 119
Edessa, tomato, Peru, 67
Egeria densa, India, 77
Eichhornia, India, 76
E. crassipes, India, 76, 77
Elasmopalpus, maize, Latin America, 67-68; bean, South America, 68; sorghum, Latin America, 68; sugarcane, Latin America, 69
Eleocharis acicularis, India, 77
 El-Haidari, H.S., 54
Elodea canadensis, India, 77
Elsinoe fawcettii, citrus, West Malaysia, 51
Empoasca, potato, Latin America, 67, 72
E. fabae, bean, Mexico, 68
 Endrin, ban, Spain, 63
Epilachna, cole crops, Latin America, 67
E. vivivestris, bean, Mexico, 68; Latin America, 73

- Epinotia*, bean, South America, 68
E. aporema, fodder crops, Latin America, 68
Epitimerus, fruit, South America, 66
Epitrix, tomato, Venezuela, 67
Eriophyes, fruit, South America, 66
Erisyphe, cereals, Latin America, 68
 Esser, R.P., 1
Estigmene acrea, Latin America, 66
Eugenia caryophyllata, disease, West Malaysia, 49
Euryale ferox, India, 76
Eutinobothrus, cotton, Latin America, 66
Euxoa, potato, Latin America, 67
- Fajemisin, J.M., 101
 Federal Biological Research Centre, Berlin, documentation, information, 129
Feltia, tomato, Peru, 67
 Fenac, weed control, India, 81
 Fluker, S.S., 125
 Fodder crops, pests, Latin America, 68
Fragaria vesca, diseases, Malaysia, 58
 French, W.J., 125
 Fruit, pests, Bahrain, 54
Funisciurus, snare control, Nigeria, 18
F. anerythrus, Nigeria, 20
 Funmilayo, O., 18
Fusarium, passionfruit, West Malaysia, 49; bean, South America, 68; maize, Latin America, 68
F. oxysporum, banana, plantain, Latin America, 69
F. semitectum, maize, Nigeria, 102
F. solani, chickpea, India, 29
F. udum, pigeon pea, India, 123
Fusicladium effusum, pecan, United States, 126
- Ganoderma lucidum*, coconut, West Malaysia, 52
 Garaud, T.B., 133
Gerbillus, 94
Giberella, maize, Latin America, 68
Gloeosporium, citrus, West Malaysia, 49, 51
G. mangiferae, mango, West Malaysia, 51
Glomerella cingulata, rubber, Malaysia, 57
Glycine max, pest, Pakistan, 84; see also Soybean
 Glyftor, rodent control, 96
Gnorimoschema, tomato, Latin America, Venezuela, 67
 González, R.H., 65
 Graft, disease transmission, 90
Graphognathus, bean, South America, 68
Grapholitha molesta, Chile, 66; pheromone trapping, Chile, 72
 Groundnut, diseases, West Malaysia, 52; see also *Arachis hypogaea*
 Gupta, O.P., 76
- Helicotylenchus*, cherimaya, Bahrain, 54
Heliosciurus gambianus, snare control, Nigeria, 18
Heliothis, cotton, Latin America, 66; tomato, Latin America, Venezuela, 67; maize resistance, Latin America, 72
Heliotropium europium, pest, Pakistan, 84
Helminthosporium, maize, West Malaysia, 51; cereals, maize, Latin America, 68
H. maydis, eradication, Yugoslavia, 140
H. oryzae, rice, West Malaysia, 49
H. sacchari, sugarcane, Cuba, 69
- Hemileia vastatrix*, coffee, West Malaysia, 51; Brazil, Paraguay, 66, 69; coffee, Nicaragua, 136
Heplialus, fodder crops, Argentina, Chile, 68
 Heptachlor, ban, Spain, 63; maize, 70
Heteranthora dubia, India, 77
Heterodera pallida, potato, South America, 67
H. rostochiensis, Japan, 63; potato, South America, 67
Hevea brasiliensis, pest, Sri Lanka, 45; disease, Malaysia, 57
Hoplolaimus, cherimaya, Bahrain, 54
 Hughes, I.W., 27
Hydrilla, control, India, 80
H. verticillata, India, 77
Hydrodictyon, India, 77
Hylemia, bean, South America, 68
Hyperodes bonaerensis, fodder crops, Argentina, Chile, 68
Hypothenemus hampei, Central America, 66; coffee, Brazil, Guatemala, Peru, 69
- Integrated pest control, Latin America, 65
 International conferences, pest management, 31, 106, 139
 International Plant Protection Convention, Cuba, Mexico, Papua New Guinea, 63
Ipomoea, India, 76
I. batatas, pest, Pakistan, 84
I. carnea, India, 77; control, India, 81
I. reptans, India, 77; control, India, 81
- Juncus effusus*, India, 77
Juniperus bermudiana, pest, Bermuda, 27
J. silicicola, pest, Bermuda, 27
Jussiaea, India, 77
J. repens, control, India, 79
Justicia diffusa, India, 77
- Katcho, Z.A., 54
Keiferia, tomato, Latin America, 67
K. lycopersicella, pesticide resistance, Colombia, 67
 Keswani, C.L., 135
 Khalikar, P.V., 133
 Kimura, M., 33
 Krishna, V.R., 54
 Kumar, T.P., 56
 Kumari, K.N., 54
- Lactuca sativa*, diseases, West Malaysia, 49
Laodelphax striatella, rice, Thailand, 22
Laspeyresia caryana, pecan, United States, 126
L. pomonella, fruit, South America, 66
 Laux, W., 129
 Lead arsenate, coffee, disease control, Central America, 69
Lemna minor, India, 77; control, India, 88
Lenis esculenta, pest, Pakistan, 84
Lepidosaphes, integrated control, 72
Leptinotarsa decemlineata, potato, rye, United Kingdom, 136
Leptoglossus, tomato, Peru, 67
 Lethal yellowing, coconut, Jamaica, 66, 119
Leucoptera coffeella, coffee, Latin America, 69
Limnanthemum cristatum, India, 77
Linum usitatissimum, pest, Pakistan, 84

- Liriomyza munda*, tomato, Venezuela, 67
Lycopersicon esculentum, pest, Pakistan, 84; see also Tomato
Lydella thompsoni, parasite of pest, 11, 15
Lygaeus, tomato, Peru, 67
- Macrosiphum*, potato, Latin America, 67
Maculella, fodder crops, Argentina, Chile, 68
Mahanarva, sugarcane, Latin America, 69
 Mahindapala, R., 45
 Maize, disease and pest resistance, Latin America, 72; see also *Zea mays*
 Malathion, 28
Mangifera, diseases, West Malaysia, 51
 Maramorosch, K., 33
Marasmia, maize, Latin America, 68
Marisa cornuarietis, weed control, India, 79
 Mayee, C.D., 133
 MCPA, weed control, India, 81
Medicago falcata, pest, Pakistan, 84
M. sativa, pest, Pakistan, 84
 Meister, C.W., 86
Melanaphis, sugarcane, Latin America, 69
Meloidogyne, tomato, Latin America, 67; banana, Latin America, 69
M. incognita, *Paulownia kawakami*, *P. mikado*, Thailand, 103
M. javanica, hosts, India, 29
Meriones, 94
Mesogramma marginata, predator of pest, 28
Metamasius, sugarcane, Latin America, 69
Metopolophium, South America, 66
M. dirhodum, cereals, Latin America, 68
Microcystis, India, 77
Microtus, 94
M. agrestis, 94
M. arvalis, control, 96
Mitracarpus scaber, host of disease vector, 92
Mocis, maize, sorghum, Latin America, 68; sugarcane, Latin America, 69
Monalonion, cocoa, Latin America, 69
Monilia pod rot, cocoa, Latin America, 69
Monochoria, control, India, 81
Monolepta longitarsus, cocoa, India, 56
Mononychellus, bean, South America, 68
Musa sapientum, diseases, West Malaysia, 51; see also Banana
Musca domestica, 15
 Muthappa, B.N., 54
Myena citricolor, coffee, Latin America, 69
 Mycoplasma-like organisms, pigeon pea, India, 33;
Vinca rosea, Upper Volta, 90
Mycosphaerella fijiensis, banana, Central America, 36
M. musicola, banana, Central America, 36; banana, plantain, Latin America, 69
Myriophyllum brasiliense, India, 77
M. heterophyllum, India, 77
M. spicatum, India, 77
Myristica fragrans, disease, West Malaysia, 49
Myzus, potato, Latin America, 67
- Najas graminea*, India, 77
N. marina, India, 77
N. minor, India, 77
Naupactus, fodder crops, Latin America, 68
Nelumbo nucifera, India, 77
 Nematology, data retrieval, 1
 Nene, Y.L., 33
Neoleucinodes elegantalis, tomato, Venezuela, 67
Neovossia indica, wheat, India, 99
Nephotettix nigropictus, rice, Thailand, 22
N. virescens, rice, Thailand, 22
Nezara viridula, soybean, Brazil, 70
Nilaparvata lugens, rice, Thailand, 23
 Nishida, T., 22
Nitella, India, 77
 Nitrofen, weed control, India, 80
Nosema pyraustae, pathogen of pest, 11
Nuphar advena, India, 77
Nymphaea mexicana, India, 77
N. tuberosa, India, 77
Nymphoides indica, India, 77
- Oecophylla smaragdina*, predator of pest, 47
Oidium tingitaninum, citrus, West Malaysia, 51
 Olive, pest, Greece, 28
Oncobasidium theobromae, cocoa, West Malaysia, 51
Ondatra zibethica, Netherlands, 96
 Ondieki, J.J., 135
Ophiobolus graminis, cereals, Latin America, 68
 Organochlorines, pest resistance, Colombia, 67
Orosius cellulosus, vector of disease, 92
Oryza sativa, diseases, West Malaysia, 49; see also Rice
Ostrinia nubilalis, maize, control, 8
- Panonychus*, fruit, South America, 66
 Paraquat, weed control, India, 80, 81
 Parathion, 22
Paspalum scrobiculatum, pest, India, 29
Passiflora edulis, disease, West Malaysia, 49, 52
 Pastures, diseases, pests, Latin America, 68
 Patil, F.S., 133
Paulownia kawakami, pest, Thailand, 103
P. mikado, pest, Thailand, 103
 Pear, pest and disease, control, Latin America, 66
Pectinophora, cotton, Latin America, 66
Peridroma, potato, Latin America, 67
Peronospora tabacina, 52
 Pest management system, maize pests, 8
Pestalotia palmarum, coconut, West Malaysia, 52
Pestalotiopsis clavisporea, coffee, India, 55
 Pesticides, data sheets, 32
Phaseolus aureus, 44, 100
P. mungo, 100
P. vulgaris, 44; pest, Pakistan, 84; disease, India, 100; see also Bean
Phoma, coffee, Latin America, 69
Phormidium, India, 77
 Phosphates, pest resistance, Colombia, 67
Phragmites karka, India, 77
Phthorimoea operculella, potato, Latin America, 67
Phyllophaga, maize, Latin America, 68
Phyllosticta, clove, West Malaysia, 49
P. zingiberi, ginger, West Malaysia, 49
Phytophthora cajani, pigeon pea, India, 123
P. infestans, potato, Latin America, 67
P. nicotianae, citrus, West Malaysia, 49; fruit, West Malaysia, 51; strawberries, Malaysia, 59
P. palmivora, durian, 49, 51; pepper, West Malaysia, 49, 52; cocoa, West Malaysia, 51

- Piper betle*, disease, West Malaysia, 49
P. nigrum, Malaysia, 30; disease, pest, West Malaysia, 49; diseases, West Malaysia, 52
Pistia stratiotes, India, 77
Pisum sativum, pest, Pakistan, 84
Pithophora, India, 77
Pitymys, 94
Plantain, diseases, pests, Latin America, 69
Plutella xylostella, cole crops, Latin America, 67
Podosphaera leucotricha, fruit, South America, 66
Polygonum, India, 77; control, India, 81
Pontederia cordata, India, 77
Popillia complanata, cocoa, India, 56
Potamogeton crispus, India, 77
P. nodosus, India, 77
P. pectinatus, India, 77
P. perfoliatus, India, 77
P. pusillus, India, 77
Potato, diseases, pests, Latin America, 67; see also *Solanum tuberosum*
